

KAMALESH J

Madurai, Tamil Nadu
Portfolio resume

AI & DATA SCIENCE STUDENT

PROFILE

Third-year Artificial Intelligence and Data Science student focused on building practical AI, machine-learning, computer-vision, software, and analytics solutions. Curious, hands-on, and comfortable taking ideas from experimentation through implementation and continuous improvement.

EDUCATION

B.Tech - Artificial Intelligence and Data Science

2024 - Present

Sri Shakthi Institute of Engineering and Technology, Coimbatore, Tamil Nadu. Current year: Third Year.

EXPERIENCE

Data Analytics Intern - Thiranex

Jun 2026 - Jul 2026

Prepared and cleaned data, developed interactive dashboards, analyzed business datasets, created visual reports, and identified actionable insights using Python, Power BI, and Microsoft Excel.

SELECTED PROJECTS

ShopFloor AI - AI-powered workforce and production-management platform covering employee tracking, sales-order management, timers, analytics, automated reporting, voice assistance, and offline synchronization.

EDITH - Extensible multi-agent assistant that routes tasks to specialized agents and supports automation, plugins, voice interaction, self-healing workflows, and multiple AI providers.

SentinelEye V1 - Online exam-monitoring prototype using YOLOv8 and webcam processing to detect suspicious objects and behaviours with sustained-violation alerts.

Customer Segmentation Dashboard - K-Means and Power BI solution grouping customers into actionable segments for retention and targeted marketing decisions.

TECHNICAL SKILLS

Programming	Python, SQL, JavaScript, Dart
AI / ML	Machine Learning, Computer Vision, YOLOv8, Gemini, Groq, OpenRouter
Development	React, Flutter, Node.js, full-stack application development
Data	Power BI, Microsoft Excel, data cleaning, visualization, analytics
Databases	MongoDB, SQLite

CERTIFICATIONS

AI - Machine Learning Engineer - Skill India / Reliance Foundation

Microsoft Excel Productivity & Data Analysis - Sri Shakthi Institute of Engineering and Technology

HIGHLIGHTS

8+ Completed projects	15+ Certificates	10+ Workshops	30+ Technical skills
